

Privacy Policy

Introduction

Thank you for choosing the Internship Management Web Application. This document explains how we collect, use, and protect your personal data in compliance with applicable data protection regulations, ensuring the privacy and security of your information.

1. Collection and Use of Personal Data

1.1 Registration and Account Creation

To use the system, users must create an account.

During registration, personal data such as name, email address, password, institution, and role are collected solely for the purpose of providing access to the application's services and managing user permissions.

1.2 Internship-Related Data

The system stores information related to student internships, including start and end dates, host company name, mentor details, and confirmation of completion.

These data are used exclusively for tracking, verifying, and approving internships within the system.

1.3 Communication Data

Messages, notifications, and contact details shared between users and administrators are processed only for customer service and operational purposes.

3. Data Transfer to Third Parties

Personal data will not be shared with third parties, except when the user has provided explicit consent or when required by law (for example, higher education institutions or supervisory authorities).

4. Data Protection Rights

Users have the right to:

- Access their stored personal data,
- Request correction, deletion, or restriction of data processing,
- Object to the processing of their data.

Such requests can be submitted via the contact information provided in the application.

5. Security

The Controller applies all reasonable technical and organizational measures to ensure the security of personal data.

Access to the data is restricted to authorized personnel only.

The system uses password protection, secure HTTPS communication, and database storage on a protected server.

6. Updates and Notifications

This Privacy Policy may be updated periodically.

Users will be notified of any significant changes through the web application, and the latest version will always be available within the application's Privacy Policy section.

✉ Thank you for using our system!

Your data security and privacy are of utmost importance to us.
